Drop off your used needles.

**DROP TO STOP**

Used needles on the ground or in the trash can spread diseases like hepatitis, HIV, and other blood-borne infections. Do your part to prevent disease and injury!

**May 11th-15th is Needle Disposal Week**

**Recognizing May as Hepatitis Awareness Month!**

For more information, please call **(720) 917-3960**

*Protect Yourself, Our Community and Our City Workers  
You will be instructed to empty all needles into provided containers.*
